Classic Event in Kentucky Will Take Place as Usual

Louisville, Ky., April 15 -All speclation concerning the future of the classic Kentucky Derby was silenced the announcement of Manager J. W. Wynn of the Louisville Racing as sociation yesterday that this year the event, as in previous years, is a \$6,-000 guaranteed stake, \$5,000 of which goes to the winner. He also added goes to the winner. He also added that \$5,000 will be added to the Derby in 1913. With the entrance money added to the stake the Derby hereafter will be worth no less than \$10,-

Horsemen expressed concern over the event on account of the state racing commission's ruling, doing away with guaranteed stakes.

In all future meetings the four-mile endurance stakes will be a feature. The association will give \$5,000 additional money to this state.

Feared at Democratic State Convention in City of Chicago

Chicago, April 15 .- Though riot and ploodshed still are feared at today's Cook county Democratic convention the Hearst-Harrison faction won the first victory peaceably enough when after the doors of the Seventh regiment armory had been broken down at orders from County Judge Owens, the 'H-H" delegates filed into the armory while state troops made no resist

When Czarnecki reached the armory, how-ever, backed by 250 bluecoats and 100 deputy sheriffs, to open the convention, he was refused admittance by Captain Octagon of the Seventh regi-

Captain Octagon explained that as custodian of state property in the building he would permit no one to enter the building except those nu-thorized by John McGillen, lessee of the building as county chairman of the Democratic convention.

The Hearst-Harrison faction at a nearby hall selected temporary officers and marched to the armory and awaited developments outside. The Sullivan forces have behind them an injunction from Superior Judge Mc Kinley, restraining the police, election commission and the sheriff from interfering with the convention. Each faction ignores the court orde of the other and several times clashes between troops, inside the building and police seemed imminent,

Vast Territory in Louisiana Under Many Feet of Water

A mile and a balf north along the Iron Mountain railroad, the water is up to the cross arms on the telegraph poles. It is believed that further out poles are submerged.

It is impossible to estimate the monetary loss. Thousands of cattle sheep and hogs will perish before the flood ceases. Thousands of acres of land, much of it already planted, are ruined.

Before the water came Sunday morning there was a boat on nearly every porch or in the yard. Now the streets are full of boats and rafts carrying household goods to places of safety or getting persons out of their

# FRUIT CROP IS NOT IN DANGER

Orchardists of Weber and Box Elder counties state today that the cold snap of the past two or three days has not damaged the fruit crop in the least, Apricots and cherries have not been touched and the peach blossoms are at such a stage of development that at the present weather conditions have no effect on them.

Manager C. M. Clay of the Ogden

Fruit Growers' association states that this morning be examined the apricot buds and found them all to be in perfect condition. There was no indication that the buds had been blighted by frost, and that the peach buds are so completely protected at this time that it would be next to impossible to freeze them with a temperature higher than 16 degrees above

Manager White of the Utah Fruit Exchange says that reports from different sections of the state are to the effect that no damage has been done by the recent cold spell. As a mat-ter of fact, Mr. White says, the farmers may that it would be well if there should be a frost sufficiently strong to kill some of the buds, for the crop is much heavier than it should be and if frost does not do the thinning the orchardists will be compelled to resort to artificial means. He says that the peach tree buds are in condition oday to withstand a temperature be-

low 18 degrees. At the meeting of the directors of the Exchange Saturday afternoon, Mr. White reported his trip east and of-fered suggestions for the handling

of the Utah crop this year. His idea, were not all accepted by the board Mr. White says, and the directors will not make final report on the question for two weeks. In the meantime Man-ager White will visit California to look after the apple market, and, at a later period, he will be sent to Texas and the far eastern states to further inves-tigate conditions and make arrangements for the bumper crop that is anticipated in this state.

## ARBOR DAY IS **OBSERVED** BY MANY

Mayor A. G. Fell, Commissioners T. S. Browning and J. C. Nye and Park Commissioners J. W. F. Volker, F. M. Driggs and Thomas H. Carr officially observed Arbor day by assembling at the new Central park addition at 11 a. m today and superintending the planting of a large number of trees and shrubs which were set out under the supervision of Park Superintend-ent Van der Schuit The occasion was deemed an ideal one for such a pur-pose inasmuch as the park is now undergoing improvement, and the city officials seized upon the opportunity to observe the holiday, set a good ex-ample for the citizens of Ogden and at the same time improve the beauty of the city by spending a part of the forenoon as amateur horticulturists.

A holiday was declared at the public schools, and in various parts of the city the school children assembled

at their respective schools and assist-ed in the planting of trees. Tomorrow John M. Mills, superintendent of the public schools, will receive reports from the teachers and supervisors and a complete record of the number of trees and shrubs planted by the schools on Arbor day will be made The members of the recently or-ganized Good Citizenship league took
